

# ALEXANDER FOLK

- Full Stack Web Developer •  
[www.livealchemy.xyz/portfolio](http://www.livealchemy.xyz/portfolio)

## ABOUT ME

A full stack Javascript developer looking to move into the crypto-sphere. Passions include rock climbing, music, cooking and meditation.

Based in Pemberton BC, Canada

Born and raised in Montreal Qc

## EDUCATION

2009 • Liberal Arts

2016 • Decode Montreal

Full stack Javascript coding bootcamp

2021 • ConsenSys Accademy

Blockchain developer bootcamp

## EXPERIENCE

### 2016 Taski Mobile Inc

Lead Developer

- Wrote and maintained a ReactJS + ExpressJS marketplace application
- Dev Ops on AWS, eventual migration to Vercel.com & refactor to microservices
- Automated completion of TD1 tax forms for provider side of marketplace
- Customer technical support, copywriting

### 2020 Freshworks Studio

Full Stack Web Developer

- Wrote front ends with ReactJS + Typescript, react hooks, JAMstack (Gatsby, Next)
- Wrote Node APIs using NestJS
- Attended client meetings and helped bridge alignment between engineering and product owners in a fully agile environment
- E2E Cypress testing with containerized CI/CD integration

### 2021 Rivian Automotive

Full Stack Web Developer

- ReactJS + Typescript, federated modules/micro apps
- E2E testing with Playwright
- GraphQL Subgraphs for a consumer gateway, Jest tests

### misc Freelance Work

- E-commerce websites from scratch (2018)
- React + Shopify/Wordpress custom integrations (2018-2019)
- NextJS, serverless Node api and GraphQL for an NFT marketplace (2021)

## SKILLS

ReactJS	NodeJS	Docker + Dev Ops	GraphQL
Typescript	Agile development	Solidity	E2E testing
JAMstack/Serverless	Git	Linux	Documentation
PostCss	Styled components	TailwindCSS	English + French fluency
